

L.S.,

Our fifteenth international working conference will take place from 7 through 12 January 2010, again at the Boshotel Vlodrop (NL) and as before in co-operation with the School of Governance (USG), Utrecht University.

This bi-annual conference on experiences of the work environment is titled:

**LEADERSHIP with ENGAGEMENT and ACCOUNTABILITY
at work**

We are bringing this information to your attention as we trust you can help to make this conference a success. No doubt you can speak about it with people around you and perhaps you are considering participating (again) yourself.

More information can be found in the flyer and in a comprehensive conference brochure (available on request, from early July). You can also check the conference page on our website.

Many thanks for your contribution.

With kind regards,

Pim Stafleu
Chair, Group Relations Nederland
